

In the Air

Focus Sound: ai/_ay By: B. Marker

Gail steps into the plane. The plane sails down the runway. Gail gains a lot of speed. Lift off. Up. Up. Up. "I am way up in the air!" says Gail. "I can see a lot from up here. I can see grass in the plains.

People run on a trail. Next to the trail, there is grain. A bob cat sits in the field of grain." The plane sways and dips. Gail lands. "I like to sail way up in the air! It is fun!" The End.
