

# Can you Catch a Butterfly?

By: B. Marker

"There is not one thing to do," said Rob. He was sad. "The sun is up. There is a lot to do," said Rob's dad. Can you catch a butterfly?"

"I can catch many butterflies," said Rob. Rob ran and ran. He had fun. But the butterflies were very fast.

In one little spot, there were many butterflies. Rob was very still. He set his hand on a branch. He got a blue one, a red one and a yellow one. He held them. He pet their wings. "Dad!" he said. "I did it!" "Great job!" said Rob's dad. Then, Rob let them go.

Rob spun in the butterflies. "This is the best," he said. The End.
